QS5590 - Wall outlet  
QS5410 - Shower hose  
QS5320 - Hand shower  
QS5289 - Shower arm  
QS5110 - Shower head

### PRODUCT CARE

d line products are produced in the highest quality stainless steel, marine grade, AISI 316.

To sustain the unique d line finish appearance please follow the below instructions:

- Wash down the surfaces using soapy water or mild detergent
- Always thoroughly rinse off with clean water
- To complete the cleaning procedure dry/polish the surfaces with a soft dry cloth

Please do not use scouring powder, steel wool, chloride based detergents or other aggressive cleaning products as these may damage the surface.

If spots or corrosion appear on the surface it is not due to the stainless steel quality, but to impurities in the environment, aggressive conditions or improper or insufficient cleaning.
